

HELLO

January

Dear Thames Lifers,

We hope your first week of January has been a kind one! It's been wonderful to see the community starting to buzz again after the break. As we settle into the rhythm of 2026, we're feeling more inspired than ever to ensure Barking and Dagenham gets better and greener as a borough through the power of people, coming collectively to achieve a sustainable and equitable future for everyone.

We're gearing up for a busy year of good work, local collaboration, and community spirit.

Wishing you a peaceful and productive month ahead. Let's make this year count together.

Warmly,

Thames Life Community Development Hub
